Do you deserve the best?

We are convinced you do

That's why TRANSIT does things differently.

Since the establishment of the company in 1978, our growth and technological advances have all been fueled by our commitment to go beyond what our customers expect in terms of both products and service.

You motivate our efforts

We have developed, more than anyone else on the market:

- a solid expertise in CUSTOM design,
- production of the ONLY true lightweight body, and
- assembly of the FRIO™ high performance refrigerated truck body, for which the perfection of its vacuum-bonded polystyrene-polyurethane composite technology is proven; the most efficient, most stable & longest lasting insulation on the market.

From the expansion of our plant to our sophisticated product processes and product innovations – we do it all with a single-minded focus: your satisfaction.

We offer you peace of mind

In addition to providing the most comprehensive and easy-to-use warranty on the market, our certifications are designed to reassure you and maximize your confidence.

We are recognized throughout North America

Whether at the level of compliance with laws, perceptions, recognitions or associations, TRANSIT has the best cards in hand.

Transport Canada's National Safety Mark

All our products have been certified with Transport Canada's National Safety Mark. Additionally, we provide wheelbase modification services also certified with Transport Canada's National Safety Mark (C50).

Canada's Best Managed Companies Gold Standard winner designation

TRANSIT Truck Bodies won its initial Best Managed award in 2015 and has since successfully retained its status, becoming a Gold Standard winner in 2019.

Recognized for overall business performance and sustained growth, the program award winners are amongst the best-in-class of Canadian owned and managed companies with revenues over \$15 million demonstrating strategy, capability and commitment to achieving sustainable growth.

NTEA Member

TRANSIT has been a member of the Association for the Work Truck Industry since 1996, having been expanding in the United States for a few years now.

The Association represents more than 2,100 companies that manufacture, distribute, install, sell and repair commercial trucks, truck bodies, truck equipment, trailers and accessories. It provides in-depth technical information, education, and member programs and services.

You deserve the best and we understand it.
