

# TRANSIT —X-Treme—

## WHEN **BIG AND TOUGH** IS WHAT YOU NEED

The X-Treme is a wide, tough truck body that gives you the extreme durability and cargo space you're looking for. The extra cubic space provided allows you to transport more merchandise.

# WHEN BIG AND TOUGH IS WHAT YOU NEED

When you need a wide, tough truck body that is still light-weight, you need the X-Treme. It resists impact like no other product on the market and offers an interior width of 101 inches—thanks to its 6 mm ultra-high density panels to provide more space for heavy-duty cargo. With its enhanced durability, usability and appearance, the innovative X-Treme truck body is your obvious choice. Its features include high-density panels that are practically indestructible, corrosion-resistant materials and a rivet-free exterior. What's more, our unmatched delivery turnaround makes sure your tough truck body is on the road in no time.

## WHY CHOOSE AN X-TREME TRUCK BODY?

### INCREASED REVENUES

You can transport more. X-Treme's interior space offers 101 inches in width so you're able to transport more cargo with each shipment.

### A BETTER LOOKING TRUCK

Your truck looks great. X-Treme's rivet-free panels provide a smooth surface for lettering and imaging. Stainless steel corners, LED lights and more—all enhance the look of your truck.

### QUICKER TURNAROUND

Your business doesn't have to wait. Transit's turnaround time is incredibly quick and unmatched in the industry. You'll get your X-Treme on the road and rolling in no time.

### INCREASED SAFETY

With enhanced safety features such as grab handles and sloped door sills for water run-off to protect goods, you worry less.

### QUICKER MAINTENANCE

You don't suffer from long downtime. All materials used in the X-Treme truck body are corrosion-resistant and more resilient.
